JOINT APPLICATION FOR TRANSFER OF CONTROL

I. INTRODUCTION

A. Summary of Transaction

Voicecom Telecommunications, Inc. ("Voicecom") and Amvensys Telecom Holdings, LLC ("Amvensys") (together, the "Applicants"), through the undersigned counsel and pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214 (the "Act"), and Sections 63.04 and 63.24 of the Commission's Rules, 47 C.F.R. §§ 63.04, 63.24, respectfully request approval to transfer control of the domestic and international Section 214 authorization held by Voicecom's operating subsidiary, Voicecom Telecommunications, LLC ("Voicecom Operating").

The transfer of control will result from the merger of Amvensys' subsidiary Amvensys Acquisition Company LLC ("MergerCo") with Voicecom, with Voicecom continuing as the surviving corporation. Corporate organization charts depicting the respective corporate structure of Voicecom and Amvensys prior to and following the acquisition are attached hereto as Exhibit A.

B. Application Eligible for Streamlined Processing

This Application is eligible for streamlined processing pursuant to Section 63.03 and 63.12 of the Commission's Rules, 47 C.F.R. §§ 63.03, 63.12. With respect to domestic authority, this Application is eligible for streamlined processing pursuant to Section 63.03(b)(2)(i) because, immediately following the consummation of the transaction: (1) Applicants and their affiliates (as defined in Section 153(1) of the Act, hereafter "Affiliates"), will hold less than a ten percent (10%) share of the interstate, interexchange market; (2) Applicants and their Affiliates will provide competitive telephone exchange services or exchange access services, if at all, only in geographic areas served by a dominant local exchange carrier (none of which is a party to the transaction); and (3) neither of the Applicants nor any of their respective Affiliates is dominant with respect to any service.

With respect to international authority, this application is eligible for streamlined processing pursuant to Section 63.12(a) and (b) because: (1) neither of the Applicants nor any of their respective Affiliates is affiliated with a foreign carrier in any destination market; and (2) neither of the Applicants nor any of their respective Affiliates is affiliated with any dominant U.S. carrier whose service Applicants seek authority to resell.

II. DESCRIPTION OF THE APPLICANTS

A. Voiccom Telecommunications, Inc. (Transferor)

Voiccom is a Delaware corporation headquartered at 5900 Windward Parkway, Suite 500, Atlanta, Georgia 30005 and is the corporate parent of Voiccom Operating. Through Voiccom Operating, Voiccom provides calling card services, which provide traditional long distance calling along with additional features such as voicemail, facsimile mail, voicemail and facsimile store-and-forward messaging, and "find me" and "follow me" services, as well as conference calling, voice

messaging, and interactive voice response and other call answering applications, primarily to business customers throughout the United States.

B. Amvensys Telecom Holdings, LLC (Transferee)

Amvensys is a Texas limited liability company headquartered at 1330 Capital Parkway, Carrollton, Texas 75006. Amvensys, by and through its Affiliates, is a leading provider of business process outsourcing services, including receivables and document management services, database services, bill payment and payment processing services, and third party verification services, to companies in the energy, cable television and telecommunications industries.

III. DESCRIPTION OF THE TRANSACTION

Amvensys and Voicecom have recently entered into an Agreement and Plan of Merger ("Agreement"), pursuant to which Voicecom will become a direct, wholly owned subsidiary of Amvensys. Under the terms of the Agreement, which was approved by the boards of directors of both companies, Amvensys will acquire the stock of Voicecom in exchange for a combination of cash and notes payable to Voicecom's shareholders. As a result of the merger, Voicecom Operating will become an indirect, wholly owned subsidiary of Amvensys. Corporate organization charts depicting the respective corporate structures of the parties prior to and immediately following the merger, as well as a diagram illustrating the merger, are attached hereto as Exhibit A.

The proposed merger does not involve the assignment of any Section 214 authorizations, nor does it involve the transfer of any customers between Voicecom Operating and any Affiliate of Amvensys. Immediately following consummation of the merger, the Section 214 authorizations will remain held by the same entity – Voicecom Operating – that held the Section 214 authorizations prior to consummation of the transaction. Voicecom Operating will continue to provide service to its existing customers under its existing name, with no change in the rates or terms and conditions of

service as a result of the merger. Accordingly, the proposed transfer of control will be transparent to Voicecom Operating's customers in terms of the services they receive. Consummation of the transaction is contingent upon receipt of certain regulatory approvals, and satisfaction of customary closing conditions.

IV. PUBLIC INTEREST CONSIDERATIONS

The proposed transaction will serve the public interest. Amvensys and its Affiliates have the financial, technical and marketing capabilities to allow Voicecom and Voicecom Operating to maintain and improve their positions as competitors in the marketplace for long distance calling card, voice messaging, and conference calling services, as well as for interactive voice response and other call answering applications.

The complementary product sets of the companies should position Amvensys to realize cost savings and achieve synergies that are expected to increase its ability to enhance its overall service offerings and to allow the provision of communications services to a broader customer base. Specifically, the transaction will provide both companies with new and additional customer relationships and create opportunities for both companies to offer additional products and services to each other's customers. In addition, the merged company will be able to bring new services and products to the marketplace more quickly than either could do separately.

Although Amvensys' acquisition of Voicecom will result in a change in the ultimate ownership and control of Voicecom Operating, no transfer of Section 214 authorization, assets, or customers will occur as a result of the transfer of control. Immediately following consummation of the merger, Voicecom Operating will continue to provide service to its customers pursuant to its existing authorization, with no change in the rates or terms and conditions of service as currently

provided. The transfer of control will be transparent to Voicecom Operating's customers in terms of the services they currently receive.

In sum, the combination of Amvensys and Voicecom is expected to create opportunities for customers of both companies and to provide shareholders with significant value, which ultimately will enhance the quality and variety of telecommunications products and services offered in the marketplace. Grant of this Application will therefore serve the public interest.
